THE FELLOWSHIP IN FAMILY PLANNING

Various Locations

The Fellowship in Family Planning offers a unique opportunity for post-residency fellowship training in reproductive health for obstetrics and gynecology residents in 17 prestigious universities in the United States.

The objective of the fellowship is to develop specialists focused on research, teaching, reproductive health policy, international health, and clinical practice in contraception and abortion. Working with respected and innovative leaders in the field, fellows receive training in clinical and epidemiologic research, develop clinical and teaching skills, have opportunities to work internationally and connect to a rapidly expanding network of family planning experts. During the two year program, each fellow is funded to complete a Masters of Public Health or Science, an international family planning rotation and an independent research project. The fellowship financial package also includes post-graduate year 5 and 6 salary, loan repayment up to \$20,000 per year, and funding for attendance at conferences and workshops.

Since its inception at the University of California, San Francisco in 1992, the fellowship has grown to 17 sites at leading institutions in the United States and has taken the first steps to become a new subspecialty certified by the American Board of Obstetrics and Gynecology.

Graduated fellows and directors have established a growing network of family planning specialists who work in academic settings, as international consultants or with organizations focused on family planning services and research.

The Fellowship in Family Planning is currently located at the following institutions:

- Boston University
- Columbia University
- Emory University
- Harvard School of Medicine
- Johns Hopkins University
- Northwestern University
- Oregon Health & Sciences University
- Stanford University
- University of California, San Francisco
- University of Chicago
- University of Colorado
- University of Illinois at Chicago
- University of Michigan
- University of North Carolina, Chapel Hill
- University of Pittsburgh
- University of Southern California
- Washington University

Please visit our web site, www.familyplanningfellowship.org, for more information regarding the current fellowship sites and our online application process.

FREE RESOURCE FOR RESIDENTS & FELLOWS

Residents and Fellows.

It's time to start considering practice opportunities.

There are thousands of hospitals and single- and multi-specialty groups with opportunities available for you to consider. How do you find and win exactly the right practice opportunity?

NewPhysician has the answers.

NewPhysician is a free resource that was created to help residents and fellows get the information necessary to make informed choices in their careers. During the past five years, NewPhysician has helped thousands of residents and fellows evaluate opportunities by providing answers to questions like: Will I get to live wherever I wish? What do the compensation surveys indicate I should expect for my specialty? How can I successfully negotiate for help paying off my loans? What are "income guarantees" and how can they benefit me? Will this job be in the type of organization in which I would like to work? Will I get to treat the patients and conditions I want to treat? How often will I have to take call? What hours will I be expected to work? What does each element in a contract mean and how does each apply to my situation? How will I learn the business of medicine, how to successfully operate my practice? What questions should I ask during the interview? When will a decision be expected? Who should mentor me in my first months in my own practice?

You're just a call or click away. For more info contact: NewPhysician, (866) 756-0003, www.newphysician.com

LOCUM TENENS JOBS NATIONWIDE, ALL SPECIALTIES

Nationwide

Residents and Fellows.

Before You Start Your New Practice, TEST THE WATERS. Enjoy the lifestyle of a locum tenens physician.

As a newly graduating physician, consider testing the waters before you decide which permanent practice opportunity best suits your needs. By working locum tenens through Staff Care® - the nation's leader in locum tenens staffing - you can pick from numerous geographic locations and clinical settings, testing each for just a few weeks at a time.

We have job opportunities that are close to your home, close to where you went to school, close to where you like to play, close to family, and close to your heart. Feedback from Attendees at Past CareerMD Career Fairs

"I am glad to have been part of the career fair in New York. It was a great venue for me to get in contact with future opportunities. I think it was a well-organized and well-planned event."

"As a first-year fellow who did not actively seek opportunities outside academia during residency, this event was an excellent way to meet with individuals in the community and introduce myself more to the possibility of practice outside of the university setting. I thought it was a good size event (not too many or too few people to talk with), and that the individuals I met with were quite knowl-

edgeable about the situation in their community (even beyond their own institutions)."

"The Career Fair was very helpful in my search for an Addiction Psychiatry position. I was able to network, get tips on geographical locations and current hospitals of interest."

"Just wanted to thank you for the great job fair that you and CareerMD.com organized here in Boston. I found excellent opportunities and information from all the employers. Thanks a lot!"

"Thanks for organizing the career fair. I enjoyed it and I got to meet a lot of prospective

employers - I have contacted two since that time. Space was well-distributed, and I also appreciate that you sent out a list of which hospitals were looking for which spots, so I could read in advance and focus my search."

"Thank you for the invitation to the excellently planned and well-run recruitment fair. The experience was more than I had ever expected. I spent a lot of time with the recruiters in Family Practice and I was able to establish a network and introduce myself to these people. I also met many folks of Hospitalists groups and mingled with them also."
